SMARTMOUNT.

Ceiling Mount

UP TO 40" DISPLAYS

The slim design of Peerless-AV's new Ceiling Mount offers the ideal extendable mounting solution and enhances the professional look of your display. The tool-less adjustable extension column minimizes the mount's appearance, while maximizing the screen's presence in any room. Internal cable management provides a sleek, stylized contemporary look. The mount comes partially pre-assembled for a fast and easy installation. The mounts design allows the screen to be tilted up to 20°, and installed in either portrait or landscape orientation, making this mount ideal for dental offices, medical facilities, and digital signage applications.

The ST940's tool-less height and tilt adjustment offers flexible placement options, ideal for many digital signage applications.

Additional Features

- ✓ 3 length sizes to choose from make it easy to get the optimum placement
- ✓ Continuous +20° tilt and 360° swivel
- ✓ Cosmetic cover provides an attractive finish and compliments the décor of any room
- ✓ Tool-less height and tilt adjustment provides quick setup and simple maintenance
- ✓ Multiple cable management options are provided, which allow either routing of the cables through the center of the ceiling plate, or through the removable electrical knockouts in the ceiling plate cover

Tool-Less height and image adjustment

Internal cable management
