

AA918BK Desk/Wall Master Station (RM5000EX / CB901EX Series)

Architects' And Engineers' Specifications

The master station(s) shall be Alpha Communications® / Ring model **AA918BK** or approved equivalent. Master(s) shall have clear two-way communications. Master(s) shall be finished in Black/Black plastic, and shall feature a button keypad. Master(s) shall be desk type and can be surface wall mounted using an optional model **GF934** wall mounting bracket. Master(s) shall be used with the **RM5000EX** and/or **CB901EX** series microprocessor intercom systems.

Master(s) shall have two levels of voice capability: hands-free loudspeaking and total private communications (when used as handset).

Master(s) shall require a model **KB170** wall mounting jack and plate and a **BF640A** series plug-in connector cable and harness assembly. The **KB170** shall mount over a single gang electrical 'gem' box or plaster ring.

Contractor shall observe all local and national electrical and building codes.

AA918BK Black/Black Desk / Wall Master Station

Although only the size and weight of a conventional telephone handset, the **AA918BK** combines all the essential functions needed for effective internal communication in one compact unit: hands-free loud-speaking and confidential total privacy. It is designed for a desk use or wall-mounting using an optional wall bracket (model **GF934**). On the desk or wall, it permits the user to converse with the caller, hands-free, from anywhere in the room. Master is designed to work with the **RM5000EX** or **CB901EX** series microprocessor intercom systems.

When the **AA918BK** is picked up in handset mode, the built-in speaker is tuned off for a confidential private conversation.

Features

- Clear two-way communications
- Hands-Free/Softspeaking/Confidential
- All-Call/Group-Call with reply back
