

## RSN7044 Area of Refuge Wall Sign (AlphaRefuge™)

### Architects' And Engineers' Specifications

The AlphaRefuge™ Area of Refuge sign(s) shall be Alpha Communications® RSN7044, or approved equal.

The RSN7044 sign(s) shall be Surface Mount type and shall be in a Blue plastic with raised White lettering, handicapped symbol and braille wording. Sign(s) shall come with self-stick backing to affix to the surface of the wall.

The RSN7044 sign(s) shall be IBC, NFPA and ADAAG code compliant.

Contractor shall furnish and install one (1) RSN7044 sign to be placed by each "Area Of Refuge" location, or as directed by the local AHJs.

Contractor shall observe all local and national electrical and building codes.

### RSN7044 Area of Refuge Wall Sign (AlphaRefuge™)

The Alpha Communications® RSN7044 Area of Refuge Signs are used with the AlphaRefuge™ 2100 and 2400 Series Area of Refuge systems, and can be used with other manufacturer's ARA systems.

The RSN7044 signs come standard with self-stick tape on the back for surface wall mounting, and feature raised lettering, handicapped symbol and braille wording to comply with the current building codes.

Typically, one RSN7044 sign would be placed at each "Area of Refuge" location, to identify that location for building visitors and residents, for ARA code compliance.

### Features

- IBC, NFPA, ADAAG Code Compliant
