

## VI402S001FSE QwikBUS™ Surface St. St. Audio Door Station

### Architects' And Engineers' Specifications

The Surface St. Steel Audio Door Station(s) shall be Alpha Communications® QwikBUS™ VI402S001FSE or equivalent.

The VI402S001FSE QwikBUS™ Surface St. Steel Audio Door Stations shall be used with the AlphaEntry™/QwikBUS™ intercom/emergency systems. The VI402S001FSE stations shall be mounted in lobby or entry locations, or by receiving doors, or other locations where intercom is required, or as directed by the Architect.

The VI402S001FSE audio door stations shall be low-profile Surface Mount and shall feature the QwikBUS™ speaker/microphone and heavy-duty metal call pushbutton.

The VI402S001FSE audio door stations shall be made of heavy-duty high-carbon 16 gauge Stainless Steel, and shall come supplied with vandal-resistant star head screws and tool.

Contractor shall observe all local and national electrical and building codes.

### VI402S001FSE QwikBUS™ Surface St. St. Audio Door Station

The Alpha Communications® VI402S001FSE QwikBUS™ Surface St. Steel Audio Door Stations are designed to be used in conjunction with the AlphaEntry™/QwikBUS™ intercom/emergency systems. The VI402S001FSE stations are typically mounted in lobby or entry locations, or by receiving doors, or other locations where remote intercom is required.

The VI402S001FSE video door stations are Surface Mount (but can be made in a Flush Mount if needed), and feature the QwikBUS™ speaker/microphone and heavy-duty metal call pushbutton.

The VI402S001FSE video door stations are made of heavy-duty high-carbon 16 gauge Stainless Steel, and can be used indoor or outdoors and come supplied with vandal-resistant star head screws and tool.

### Features

- 16 Gauge hi-carbon Stainless Steel in Surface Mount
- Built-in QwikBUS™ Speaker/Microphone and addressable QwikBUS™ circuitry
- Can be used indoor or outdoors
- Built-in heavy-duty metal call pushbutton
- Rugged and Reliable
- Made in USA

### Specifications

<b>Material:</b>	16 Gauge Hi-Carbon Stainless Steel in a Brushed Finish.
