

# G-Series 4 Channel Rear View Mirror Monitor

**RVS-718-4CH**

Now you can finally see it all! This G-series monitor has 4 channels, allowing you to connect and view 4 cameras. Automatically trigger all four cameras to view a 4.3" super sharp display. The entire surface is reflective and acts as a mirror. For an absolute perfect backing up experience, this monitor comes with adjustable grid lines, allowing you to adjust the grid lines to be completely accurate regardless where you mount the camera. For an absolute perfect backing up experience, this monitor comes with adjustable grid lines, allowing you to adjust the grid lines to be completely accurate regardless where you mount the camera.
