

Class 1 LED Magnetic Beacon

RVS-SA220

Our Super LED Beacon features 32 high powered LED warning lights and 8 distinct flash patterns easily toggled with the double switch cigarette adapter plug. The RVS-SA220 easily mounts to the top of the vehicle with a powerful magnet, no drilling necessary! This industry grade high intensity beacon is SAE J845 Class I and E9 approved. This powerful warning beacon also features a working voltage of DC 12-24V and a cigarette adapter adapter about 10" long.
