B10R Medium Control Panel Enclosure (Red)

www.boschsecurity.com

BOSCH
Invented for life

- ▶ Easy to install standoff locations for mounting supporting modules
- ▶ Made with cold-rolled steel with a red matte finish for fire applications
- ▶ Easy access mounting locations for optional transformers
- ▶ Punch outs for optional B46 External Annunciator (for B465 only)

The B10R Medium Control Panel Enclosure is a red enclosure made of cold-rolled steel that is 1.0 mm (20 gauge) thick. It houses many different Bosch control panels and modules. The enclosure holds one 18Ah battery or two batteries (up to 7Ah).

It is compatible with the following accessories:

- **D101 Lock and Key Set.** Standard lock set with one key supplied. Uses the D102 (#1358) replacement key.
- **D110 Tamper Switch**. Screw-on tamper switch that fits all enclosures. Shipped in packages of two.
- **ICP-EZTS Dual Tamper Switch.** Combination tamper switch with a wire loop for additional tamper outputs.
