

*i*² Pro™

Pre-loaded Mini Appliance, Deluxe Version

DATA SHEET

The *i*² Pro Pre-loaded Appliance Features:

- Ultra-compact size, pre-loaded with **Doors.NET Professional Edition Access Control Software**
- Faster processor and more memory, pre-configured to handle larger, feature-rich projects (in comparison to our standard *i*² appliance)
- No waiting for software to install or dealing with Windows® updates and other system issues
- Saves the installer time, money, and hassle
- Suitable for installations of 512 readers, and up to 1,000,000 credentials
- Eliminates errors and variability found in customer-provided or off-the-shelf PCs
- Turn it on and discover your controllers, then start programming immediately
- Small, quiet, IT-friendly/ready package with 7th generation Intel processor
- Comes with keyboard, mouse, and a pedestal base for vertical mounting
- Comes with Keri's software support and maintenance, included at no charge for the first two years

The *i*² Pro pre-loaded mini appliance greatly simplifies installation because **Keri's Doors.NET Professional Edition Software** is pre-loaded and pre-licensed, ready to use immediately. This is an embedded mini appliance with keyboard and mouse that has the capability to manage an access control system of up to more than 512 readers and 1,000,000 credentials. Installers will appreciate the time and hassle it saves, because it virtually eliminates Windows® problems and other system issues commonly found when using a PC provided by the customer, or purchased from a retailer.

Simply choose your hardware type and start configuring the system.

The *i*² Pro Appliance (in addition to Keri's Doors.NET Professional Edition Software) comes pre-loaded with:

- Doors.NET Application Server
- Microsoft *SQL Express® Database

Selectable gateways allow the appliances to connect to any Keri controller type:

- NXT
- Mercury® Powered NXT
- PXL-500
- Entraguard

Note: Windows and SQL Express are registered trademarks of the Microsoft Corporation in the United States and/or other countries.
