also be available in a black scratch
resistant finish (PDM-CB)

Product Specifications: (for Architects & Engineers)

The ceiling mount for the Plasma display shall be the Video Mount Products (VMP) model PDM-C. The mount shall be constructed primarily of formed steel and shall incorporate nylon filled nuts and arc welds. The mount shall be a universal style mount capable of adjusting to the dimensions of a variety of popular 37" to 63" plasma displays and not necessarily be model specific. The mount shall include a telescoping mast that adjusts from 21" to 32" from the ceiling. The mount must allow for adjustable tilt from 0° - 20° and must swivel 360°. The adjustable mounting plates shall open from 8.5" to 36.2" (left to right). The load capacity shall be 180 lbs.
