

DataComm Electronics' patented Décor Insert with Flexible Opening is used to install low voltage cables behind your HDTV, amplifier or other audio video devices. The Décor Insert with Flexible Opening is designed to be installed into a low voltage mounting bracket (sold separately) that is installed into the wall.

Features

- Low profile design fits behind the industry's thinnest mounts and TV's
- Conceal multiple low voltage cables behind your flat panel TV
- Easily holds up to 4 cables
- Flexible opening helps keeps low-voltage pass-through area covered
- Perfect for eliminating connections at the wall
- Available in 4 colors: black, ivory, lite almond, white
- Quick and easy to install
- Mounts to a standard low voltage mounting ring, old work ring or mud ring
